Product data sheet

ESD polo shirt, navy

EN | 2026-11-12

Item numbers: 23 · see variant table

Navy ESD polo shirt for daily use in ESD protected areas, available from XS to 5XL. Two versions are available per size, matched to your team's needs.

Description

The navy polo shirt goes with navy ESD jackets and completes them into a uniform set of clothing.

Navy is a dark, hard-wearing blue. The polo shirt combines well with navy fleece and winter jackets.

Sizes range from XS to 5XL. Two item variants are listed for each size; which version suits you, we will clarify in the quotation. Anyone equipping several sites or departments can rely on a uniform base colour in this way. For large teams, it is worth recording the size distribution in advance.

Typical areas of use

• Electronics manufacturing

• Storage and shipping

• Maintenance

• Service

What to look for when choosing

• Colour: Navy.

• Size: XS to 5XL.

• Version: two variants per size.

• Combination: goes with navy ESD jackets.

Technical data

Variants	23 (item numbers see table)
Supply	on request, quotation with price and pack size

Notes on use

An ESD polo shirt needs a grounded wearer. Use a wrist strap, ESD shoes and a dissipative floor. Care instructions are on the label.
