Product data sheet

ESD wedge cushion, 400 x 400 x 100

EN | 2026-11-12

Item number: DSWL94415

Larger ESD wedge cushion at 400x400x100 for wider seats at the ESD workstation. It promotes an upright posture and suits chairs in production, testing and the laboratory.

Description

This variant of the wedge cushion offers more support area for wide ESD chairs.

At 400x400x100, the cushion covers a larger seat area than the compact variant. The wedge shape supports a sitting posture that puts less strain on the back.

As an ESD item, the cushion is intended for use in protected areas. As with the smaller version, the catalogue gives the specification 20 mm in the title.

Typical areas of use

• Workstations with wide seats

• Long periods of sitting in component placement

• Quality inspection

• Development workstations

What to look for when choosing

• Format: 400x400x100 for wide seats.

• Fit: measure the seat of your chair before ordering.

• Combination: an ESD chair dissipates charges via the floor or grounding.

Technical data

Item number	DSWL94415
Supply	on request, quotation with price and pack size

Notes on use

Make sure that the chair and floor are ESD-suitable so that the cushion is integrated into the discharge chain. Adjust seat height and table height after placing the cushion.
