Product data sheet

ESD SMD reel rack, 38 reels, reel diameter 330 mm

EN | 2026-11-12

Item number: DSWL18704

ESD reel rack for 38 large SMD reels of 330 mm diameter, dimensions 560 x 365 x 178 mm. It organises reels on the shelf or on the table and keeps them upright so that labels remain legible.

Description

For large 330 mm reels: up to 38 reels organised at one place.

Large SMD reels are heavy and tip easily when they stand loose. The rack gives each reel its own place so that you can remove and return them selectively.

At 560 x 365 x 178 mm, the rack is designed for common shelf depths. For finer subdivision, there are matching dividers for 330 mm reels.

Typical areas of use

• Storage of large SMD reels

• Provision at placement lines

• Reel shelves in the EPA

• Goods receiving and order picking of component reels

What to look for when choosing

• Reel size: for reels of 330 mm diameter.

• Capacity: 38 reels.

• Dimensions: 560 x 365 x 178 mm.

• Accessories: dividers for 330 mm reels are available separately.

Technical data

Item number	DSWL18704
Supply	on request, quotation with price and pack size

Notes on use

Place the rack on grounded shelves and pay attention to the load capacity of the shelf, as large reels have weight. Reels are moved only by grounded staff.
